Special Project in Environmental Economics by arrangement	MAC 310 Hartmann, M. Special Project in Market and Consumer Research by arrangement

REMARKS

- "Dotted" modules on the plan will be offered, what is not certain yet is the timing. Some of them will be discussed at the first lecture, some of them will be determined on BASIS soon.
- For the module: **Seminar - Production Economics**, a lecturer will come from the US and the module will be offered as a 1 week block-seminar. Details to come.
- For the module **Bioeconomic modelling at farm scale**: unfortunately not yet mentioned in BASIS, but it will be offered and we hope BASIS will mention it soon.
- Those students talking the **AFECO excursion** this semester should not forget to register for this on module on BASIS.

*This is a draft, mostly final but changes can happen in exceptional cases.
