Administrative fees			
UCSC	156€	156€	June 30

*UCSC offers the opportunity to up to 2 African students and 2 non-African students (either EU or non-EU) to be exempt from paying university tuition thanks to a scholarship awarded by Fondazione Invernizzi (<https://www.fondazioneinvernizzi.it/it/site/about>). The students interested in the scholarship must declare it in their application when expressing their preference for UCSC. Exempt students are notified at the time of admission. In order to confirm their enrollment, they are asked to pay the first instalment as all regular students (1470€) and submit an application for the scholarship. The amount paid at the time of enrolment will be returned to them before the end of the first semester.

**UCSC offers the opportunity for up to 7 international (non-Italian) students to be partially exempt from paying full tuition thanks to a scholarship awarded directly by UCSC. The students interested in the scholarship must declare it in their application when expressing their preference for UCSC. Partially exempt students are notified at the time of admission. In order to confirm their enrollment, they are asked to pay the first instalment as all regular students (1470€), which corresponds to the entire amount requested for the whole academic year
