

Student Assistant Wanted

Project “SludgeChain” (8h/week, March 2026 – Dec. 2026)

Chair of Agricultural and Food Market Research, University of Bonn

Are you a motivated Master’s student in agricultural economics, agricultural science, consumer science, or related studies with a strong interest in sustainability, agriculture, and innovation? We are looking for a student assistant (8h/week) to support the [SludgeChain project](#), which explores the regulatory challenges to material utilization of bio-based resources such as hemp and miscanthus. As part of this role, you will contribute to a multidisciplinary research project.

Your responsibilities will include:

- Supporting the preparation and implementation of expert interviews and stakeholder workshops
- Supporting with summarizing and transcribing expert interviews
- Conducting literature searches and preparing summaries of relevant publications
- Supporting the preparation of presentations and project reports

What we offer:

- Insights into applied research on challenges and opportunities of the bioeconomy
- Flexible working hours and an opportunity to develop practical research skills
- Employment according to the University of Bonn’s guidelines for student assistants

What we are looking for:

- Reliability, attention to detail, and independent working style
- Interest in sustainability and bioeconomy research
- Good command of English (and ideally German)

If this sounds like you, we look forward to your application!

Please send your application (short letter of motivation, CV, and relevant certificates in a single PDF) by 1th February 2026 to: Janine Macht (janine.macht@ilr.uni-bonn.de)
