Student assistants (SHK/WHF) in Production Economics/Integrated Pest Management

starting earliest February 2026 – duration to be agreed upon

at the Production Economics Group (Prof. Dr. Niklas Möhring)

You bring to the group:

- A proven knowledge in Agricultural Sciences.
- A general interest in scientific work.
- Motivation, commitment and reliability.
- Knowledge in integrated pest management and systematic literature reviews are a strong advantage.

Your tasks will include:

- Supporting the chair group in its research activities - with close involvement in the group and the possibility to get insights into different research areas and methods.
- A specific focus will be on support in systematic literature reviews.

Remuneration according to the tariffs of the University of Bonn (working time 4-8h/week, to be agreed upon).

Please send your application (informal cover letter, curriculum vitae, last transcript of records) by e-mail to: ilrpe@uni-bonn.de **by 05.01.2026**. Please mention “Application HIWI 2” in the subject line of your e-mail.
